

MEETING AREA MESSEHAUS CONGRESS CENTER LEIPZIG

Just a good feeling!

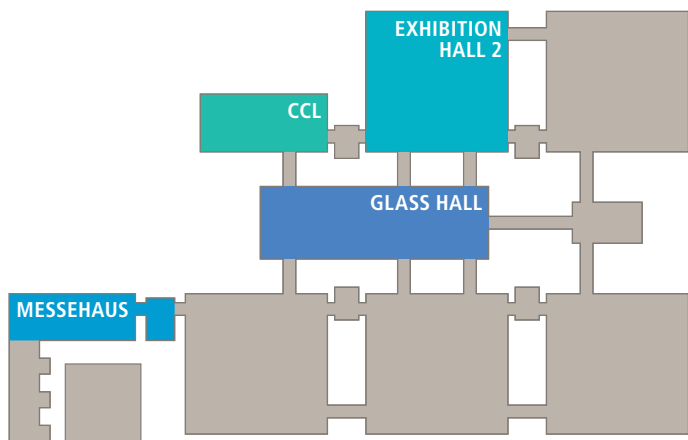

CONGRESS CENTER LEIPZIG

MEETING AREA MESSEHAUS: ATTRACTIVE. COMPACT. MODERN.

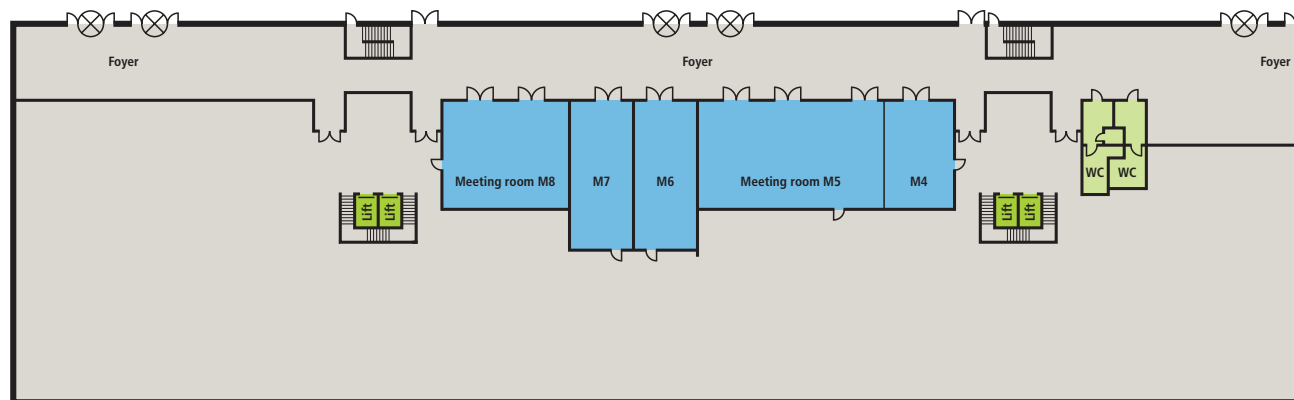

Meeting Area Messehaus at the Leipzig Exhibition and Convention Centre is part of a modular concept of use. This attractive suite of modern meeting rooms and light-flooded foyer areas offers space for a total of 1,000 people, the largest room accommodating 330 seats.

EQUIPMENT OF THE MEETING ROOMS

The conferencing, media and telecommunications technology of the Meeting Area Messehaus is state of the art and fulfills the highest demands in a flexible way. The equipment includes powerful video/data projectors for display of all common video and PC standards, and professional sound and PA systems.

The technical crew makes sure that your event runs smoothly and – with its large pool of technical equipment and know-how – is your partner for designing tailor-made technical solutions.

VARIETY OF USE: MODULAR. COMPLEMENTARY. INDEPENDENT.

Located in the „Messehaus“, the administration building of Leipzig Trade Fair, this area corresponds perfectly well with all other parts of the property. Thus, it is on the one hand very well suited for conference programs which are part of large meetings, conventions or trade shows. On the other hand, it can house meetings which are held independently and individually, without a connection to the business in other parts of the property.

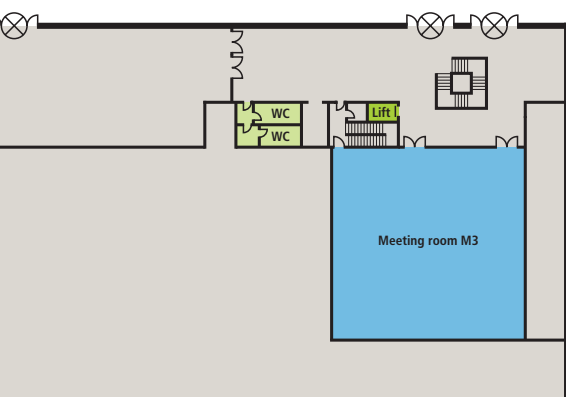

ROOM	SURFACE in m ²	HEIGHT in m	CAPACITY seating style	
			THEATRE	CLASSROOM
M1	118	4.42	96	48
M2	118	4.42	96	48
